

# New Products Announced!

## HSS is expanding its British made product range.

Since we were formed in 2013 HSS has increased its UK manufactured product range and focused its efforts on bringing back the customer service and quality levels we believe companies within this industry demand and deserve.

We started out by offering the SANDVIK special range of products then with our shaver up and running a precision quality creasing rule Cutting range.

I want the name "**HSS**" to be synonymous in your mind with "quality," "reliability," and "versatility."

**WE WANT TO EARN YOUR DEEPEST TRUST!**

We are proud to announce our new edge hardening and servicing facilities along with our new testing facility. Our new manufacturing facility will come into play starting on the 2<sup>nd</sup> November 2015, this will once again mean premium products are manufactured on home soil, this will include standard edge hardened rule in 2pt, 3pt and 4pt and in 42° and 52° in STD or long bevel, shaved or ground edge along with our standard range of creasing and special rules.

At the same time we pleased to have our own brand of British made matrix for you.

**We are proud to be the only UK EDGE HARDENED CUTTING RULE Manufacturer.**

Our Brand is **EUROFLEX**. *But* our range will be familiar to you!

**EUROFLEX 52**

**EUROFLEX 42**

**EUROFLEX HARD**

**EUROFLEX 700 XD**

**EUROFLEX ELITE (ultra) Coated**

**EUROFLEX DIEHARD**

**EUROFLEX POWERBEND (superbend)**

**EUROFLEX GR**

We thank you for your continued custom

Ken Flint
